제 목 :Request for Cooperation of Classification Technical Rules Development

Job Id. :

1. First of all, we, KR wish you tremendous success and would like to appreciate your cooperation.
2. KR is making an effort to develop Classification Technical Rules (establish and amendment) to catch up with the latest technology. If there are items, received from relevant industries, which are unreasonable or need to amend on applying Classification Technical Rules, those are investigated and reflected by priority in Classification Technical Rules.
3. In this regard, if you have items which are unreasonable or need to amend concerning Classification Technical Rules, inform Hull Rule Development Team(E-mail:hullrule@krs.co.kr) or Machinery Rule Development Team(E-mail:machrule@krs.co.kr) of KR until 16 February 2023 (Refer to "Request for establishment/revision of classification technical rules Form" of Attachment). We will review to reflect positively for the requested items and reply the results. Please inform us items which you found afterward and then we will investigate and reflect those.

※ Attachment : Request for establishment/revision of classification technical rules Form -----
- 1 Copy, (End)
