

# Reflection of IACS UR A1(Rev. 7)

## ■ Summary of Major Amendments

Related Rules/Guidance	Effective date
Rules for the Classification of Steel Ships Pt. 4	– ships contracted for construction on or after 1 January 2022

## ■ Major Amendments

### ○ Reason for Amendments

1. UR A1(Rev.7, Sep. 2020) has been revised because the installation of equipment in the funnel such as SOx scrubbers resulted in the increase of funnel breadth. The Rules have been amended reflecting UR A1(Rev.7, Sep. 2020).

### ○ Amendments

1. Equipment number calculation is adding the funnels.

### ○ Impact Analysis

- ✓ Indication of any impact on and/or contribution to safety, security or environmental protection
  - : Increased mooring safety due to revision of equipment number calculation formula.
- ✓ Indication of any impact on net and gross scantlings
  - : N/A
