

Approval test for freight containers

■ Summary of Major Amendments

Related Rules/Guidance	Effective date
Guidance for Freight Containers	– the date of application for certification of containers on or after 1 July 2022

■ Major Amendments

○ Reason for Amendments

1. It is considered that it is necessary to update the approval test requirements of the Guidance for Freight Containers with International Standards.
2. Comparison of relevant International Standards for each type of freight container and revision of the relevant requirements.

○ Amendments

1. Revision of approval test (inspection) requirements for general cargo containers, thermal containers, and tank containers.
2. It was reflected ISO 668, ISO 1496–1/2/3, etc.
